Phase 22: The Truth

As if the Vendeeni were after me...
It's almost as if...
It's strange... The way you say 'get caught'
.....

What sort of advantage is there in attacking a leisure planet like Hydra for the Vendeen..?
I thought it was strange...
No... but, if that is the case, it would make sense.

How could we run into them so often, in all the vastness of space...?
And then after, when we escaped on the Vanguard III...

The Ven-deen...
Were after me...?
That...
And that ...!
It's all...
My fault ...!!

Don't touch me!!
Hey... Fayt...
Dion!!
Fayt !
I can't believe a single word you say !
Cliff...
Dion... Dion, answer me!!

Dion...
You can't think like that!
You're wrong!
Is this my fault, too ?
Is this...

So many people have been hurt.
Because of me...
H...Hey... Fayt..
So many people...
Have died...
Woah!

The Vendeen slaughtered all these people to get me ?!
Why, for such a thing..?!
I can't forgive them...!!

Damn
This is.
Yeah... That time we stopped him, but this time it could be bad...
Cliff. This is the same as before.
From where?!
Unknown energy detected!

It's collap-sing...!
The ship's barrier has over-loaded!
What is this...?

It's collapsing...!
The ship's barrier has overloaded!
What is this...?

ゴォォ
キィィ
ズッ
The Vendeeni ship is
Gone, in an inst- ant.
What was that?
Amaz- ing. He's .

Clair and Lord Adray. You're alright?
Nel!!
It seems this isn't the time to be thinking of war
I don't know what happ-ened, but..
What in the world is Fayt..?
You'll need to explain this, Cliff..
But..
We should get the casual-ties back to Aquios.
S'pose it's time to tell him the truth...
Yeah... You're right...

Where ?

Gasp-
And then...
We used the Runological weapon..
The Vendeeni Warship appeared...
Why can't I remember..?
After that.. what happened..

I think I can hear voices, but..
Whose is it?
Just hold on!!
Was that Ner-san's voice?
Just now
This is Aquios Castle ? When did I get back here?
I was at the battle field
But I don't remember coming back

Amee-
na..
I'm so
glad.
I got
to see
you..
I'm so
happy..
Me
too
Dion
Dion..
Ame-
ena...

What's wrong ....?!
Dion... And Ameena!
Be quiet.
Fayt...
What in the world happened?!
What

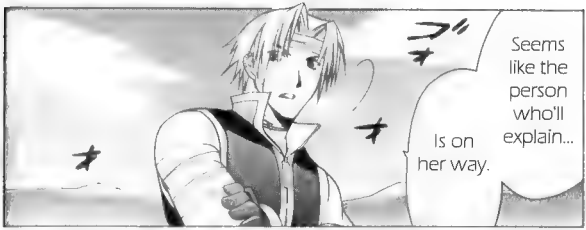
No way.. That's
The dead
Dion and Ameena are..?
When they finally got to meet...
When one is before the dead.
One should be quiet.
Pi Pi Pi-
They're here, huh
Cliff.

Fayt
The time has come
It's time you were told.
If you're ready for the truth, then
Come with me!!
I want you to forget for a minute...
About Dion being hurt in the war

Or that Ameena's illness worsened...
It's enough that those two got to meet again in the end, just like they wanted...
For that, the Vendeen came, and Ameena and Dion
But you have a big destiny.
You might think you're unimportant
Because we don't have time to be sad

What is the meaning of all this?
Shouldn't you tell us, as well?
Nel san...
Your Maje sty
Yeah
You guys have a right to know
What would you say if I were to tell you that all the stars in the sky were worlds.
And that that was where we came from?

Who discovered something unbelievable.
There's a scientist from a planet called Earth...
And many powers took aim and fought for it
It was a discovery that shook the entire world ..
Will you tell us?
This discovery... what is it?
...Is you, Fayt.
And that scientist's son...
My father's research ?!



Seems like the person who'll explain...
Is on her way.

What? This sound ..
It's the same sound as before .

That's right.
Now watch the sky
This is a space ship about to land ?

Is it one of Quark's ships ?
That's the same kind of ship as the Eagle
They're good guys
Don't worry.
Is that .. those bastards have come back again?!

What is this?!
A person is .. What are you saying...?!
Calm down.. A person is transporting down.

Sorry to keep you waiting.
What? This girl... I don't remember, but...
Have we met somewhere?
We've been keeping tabs with the long-range scanner, so,
We've got a general grasp of the situation.

Every-one.
Nice to meet you.
Maria Traydor.
I'm the leader of Quark,
You're
And she even looks like an Earth ling
The leader? This girl is ?

Fayt Leingod, right?
Only son of the universal authority on symbological genetics, Professor Ricard Leingod.
Earthling, Age 19
Currently enrolled in the Symbological Faculty of Bactine Science Academy.
Your best sport is Basketball. . Your position is point guard
Fluent
Your favorite food is
Fluent
You're very enthusiastic about the Fate Simulator game
Fluent
Why do you know all this stuff?!
W
Why would you.. That sort of thing .
Thump
About you
I looked up all sorts of things...

I was in the middle of a sentence.
I can already tell you're going to be a pain.
Is a power your father, Professor Robert, discovered
That power Cliff told you about.
THIS!!
THAT IS...

FU...!
Clarter

Was that ?
What
She could be hiding a weapon but I doubt it
No.... that sort of dispersal...
Was that Runology?
I'm fine .
Are you okay, Maria?

I've finally reached a point where I can use it at will
It's just a little recoil, but. .
Illegal research, on modifying a living beings genetics and inserting an ability...
This power.. Is a result of your father's research...
A living weapon .....!!
Making a living weapon...!!

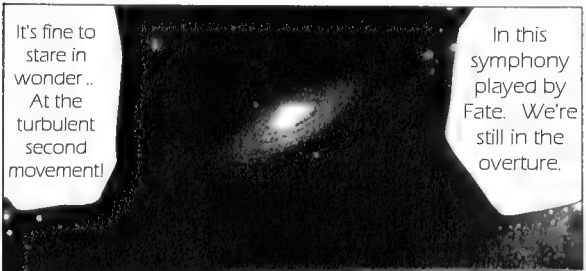
Oh.
You're a.... living weapon ..?
Dad was studying that sort of thing?
I'm not the only one
Fayt,
You're one, too.
!!

Our warship ...
annihilated in an instant...
Not just destr-oyed..
Annihilated!!

This is the image at maximum zoom.
The source of all that raw energy.

The fruits of your research are quite impressive.
Is it satisfying, Professor?

Since I knew this was going to happen.
No .. I'm not really satisfied, per se
In the face of his great destiny, you all are an impossibly small cog
Remember this



It's fine to stare in wonder .. At the turbulent second movement!
In this symphony played by Fate. We're still in the overture.

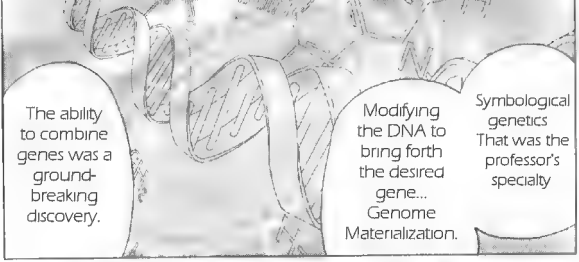
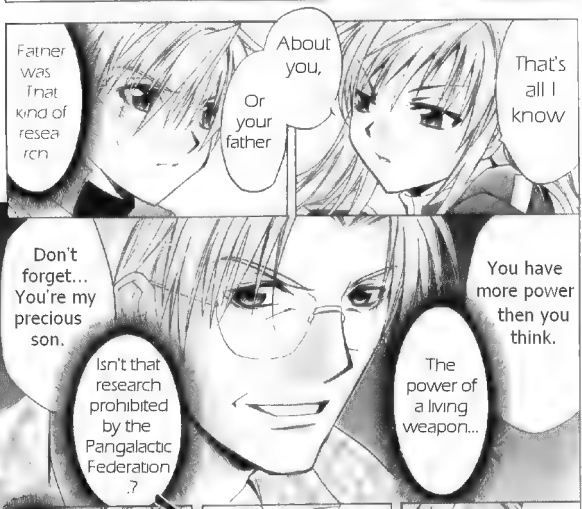
Phase 23: Maria Traydor

We're living weapons
You and I
Weapons that your father, Professor Robert Leingod, developed!!
Father!!



The ability to combine genes was a ground-breaking discovery.
Modifying the DNA to bring forth the desired gene... Genome Materialization.
Symbological genetics That was the professor's specialty



Father was That kind of resea rch
About you, Or your father
That's all I know

Don't forget... You're my precious son.
Isn't that research prohibited by the Pangalactic Federation ?
You have more power then you think.
The power of a living weapon...

This sound...!!
Why he gave me this hateful power ...!!
I'd like to know that too.
Why . That. .

Is this... more of your companions?!
No. This.
Sounds more like the Vendeeni
Again You're saying the Vendeeni came back?!
You're a weapon capable of taking down one of their ships.
It's natural they'd want you, right?
This research... This isn't the first time I've heard about it
Why were you hiding this...
Father ...!!!
I called the Quark Flagship, the Diplo, as well, but...
They passed over earlier.

We're out of transporter range here
However, our lack of air supremacy is troubling

Those guys are going to come after us
What in the world are you talking about?

That's why we can't stay here much longer.
On the other hand, we don't really have a way to escape.
You aren't about to start your war in our country, are you...?

Again
It's going to be my fault if everyone gets hurt !

We don't know if the weapon will work against them.
But, Your Majesty...

Since it's them, we must use all our strength to fight them.
We will lend you the Runological Weapon

I'll hand myself over!!
I'll...
Sorry, but I can't
I still don't have perfect control
That power you have...
Can't you use it?

Then, I'll just turn myself over, and...
They came to capture me, right?

Maria..
I won't for-give you...
For that

You and your father started this battle...
If you run away...

Won't forgive you...
I definitely...
Maria, you're
You and your father owe me an explanation.
Uh.. Yeah..
Why do I have this power?
?

Listen up.
Quit hiding over there
Fayt!
Getting your dad was just practice Now they're after you.
The Vendeeni are afraid of your dad's research.
So it seems like they're rushing the whole thing.
There's no doubt they want to keep the Pangalactic Federation out of this .
Fayt... It's you
And the one in the middle of it all. .

What..
I think..
So, what do you think we should do?
Don't you want to know why...?
The Professor gave us these powers
Why he would tie us to this fate .
I'm sorry, but it seems like your days of peace and happiness are over.
Fayt, you've gotta be ready.
But is it like everyone says is this really My destiny ?
I won't be able to go back to my day to day life on Earth
That's right Until this is all over

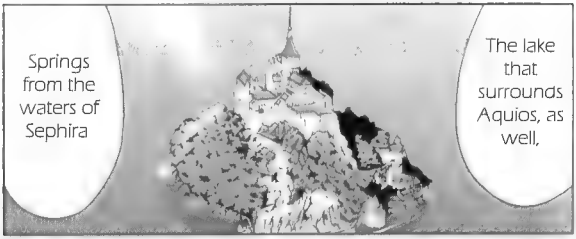
But I don't even remember using it .
The power of a living weapon .
I really had no idea .
I do remember something..
No... The truth is.
I was...
Back then...
My.. "power" .
That was...

The Vendeeni found out about the research... But I don't think the Federation could have missed it..
Was my family under observation...?
I know the answer——
But the invasion of Hydra was faster then expected... And dad was captured..
But I can't help feeling like it was all planned..

Dad must've had no choice...
To fight the Vendeeni
We should probably start there, right?
What is dad thinking? I want to ask.

H...Hey, look at that!
The Vend-eeni ship is
Leav-ing...?
Thank good-ness..
Yes .. But..
This-l Their aim is l
The Quad Scanner just picked up a strange reading...

I didn't notice until now, but there's an energy pattern there...
To the east...
They've heavily influenced the advancement of any race who gets a hold of one.
They gain incredible power
I've never seen anything like it in our galaxy... It's an unknown material
Out of Place Artifacts... OPAs. .
Sephira?
Majesty... Could it be their aim is Sephira?
The sacred waters continue to flow.
Since ancient times, it has never run dry
And the mysterious stone there
Apris teaches of the Holy Land of Kaddan.



Springs from the waters of Sephira
The lake that surrounds Aquios, as well,

We might be able to find out about the profe-ssor
If we could take a Vend-eeni pri soner.

Well, we won't just hand it over to them

It's our most precious relic
We cannot allow it to fall into their hands!
LET'S GO!!

That you had another duty to take care of.
I thought.
Nel!!
Another.
Duty...?
You might think it impertinent of me to say this...
Your Majesty

.....
...You wish to ask me to make peace with Airyglyph, correct?
Bingo Sorry if it's a bother.
Peace..?
Y..
YOU MUSTN'T, YOUR MAJ-ESTY!!
Calm yourself, Nel
A powerful enemy has appeared in the Vendeeni.
We are fighting to simply avoid being crushed underfoot

I even lost my father to a battle against them.
Massacre the believers of Aprisl
But those Airyglyph bastards .
Nel...
To restrain these feelings is...
However, if Your Majesty were to order me to ..
More than anyone, if you cannot understand why I do this,
It is because you lost your father to a battle with Airyglyph that I ask this of you.
How can the rest of my people?

But. But.....
For our goal is not to destroy Airyglyph.
You must not be swallowed by your hatred
This is what we wished for. An end to the fighting.
You must under-stand.
.Yes... Your Majesty.
Do you understand, Nel?

That's why
I'll be the one to go after the Ven-deeni.

What is that?
I won't abandon you, Nee-sama!!
I'll go with Nee-sama!!

Cliff.
Just be careful not to get stepped on, okay Shorty?

Hm?

Ma
ria!!
W..
What
was
that
for?!
Ugoo?!
What
. ?
.....
?
As I
thought
That's right
His wounds
from his fight
with Albel are
still
I don't
know who
it was you
fought,
But
you're
still all
beat up
from it,
aren't
you!

Mirage-san. .?
Shall we get going, then?
Is. . Is that so ..?
learnt martial arts together
Cliff and I
Why not~
I'm fine~
Mirage, it'd be better if you stayed here and watched Cliff.
.....

aren't you?
You're pretty slow,
But then.
Eh. ?
are going to launch a counter attack against the Vendeeni
You and I
We've got to be a little bit crazy
H. Hey. Maria, that's crazy

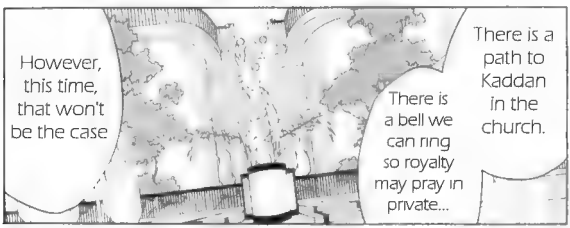
Hmph~
Even though you're a man,
You've got all that power, as well
It's as good a time as any. You can't always have other people protecting you, right?
We'll be fine.
Yeah...

I never.. I never fought by myself!
Until now, I've just been protected by everyone

Stop and think, would you .?
Hey, Fayt..

He'll need to learn it in real combat.
We don't exactly have time to practice.
He's right. He needs to learn how to use his power
I'll learn a lot that way
Yeah,
So you've all got to promise to come back
Nel, you too.
As the guy who's supposed to be looking after you, I don't like this.

We'll be sure to keep it!
Right



However, this time, that won't be the case
There is a bell we can ring so royalty may pray in private...
There is a path to Kaddan in the church.

Yeah!
Let's go!

It is a straight path, so you cannot lose your way
Here it is.

Is Maria nervous too..?
That's right. Maria and I are the dangerous ones.

We don't have time to be frightened.

I've got to be strong
I know that!

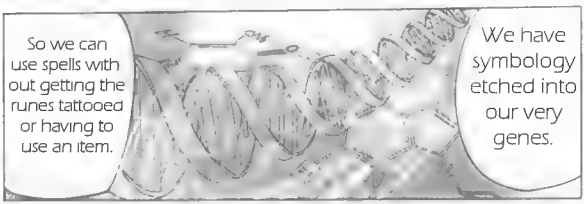
Was this all the Vendeeni ..?
How horrible.

Well, they are a race evolved from sharks.
They're ferocious and savage.
They sure went at the wall at full power

Yeah.
Let's go.

It's difficult to say in words.

About using this power...
Maria.



So we can use spells with out getting the runes tattooed or having to use an item.
We have symbology etched into our very genes.

When I... used my power...
Don't you remember when you used your power?
You just feel it. It's hard to explain.
I saw.
I saw some symbols, and...
And then my forehead got really hot..
We won't be defeated by two!!
Vendeeni soldiers?!
Here they come!

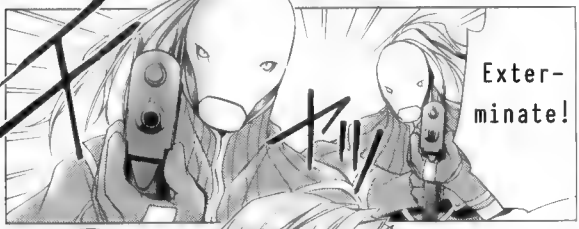
Maria?
I'll show you an example.
We've located the targets!
Preparing to exterminate!

Sort of like that.

She took care of them so fast
So this is Power
This is the first time I've used it in combat, but..
It was surprisingly useful.
Huh? The first time?
To be honest, a gun has less recoil
But I'm also not used to it.
However
It's your turn next time

!!
Target sighted!

When did you-?
Do your best.
Vendeeni soldiers?!



Exterminate!

I've got to fight...!!
Ku...!

Believe.
How do I use my power
But
At least, I assume he would have...
The professor surely foresaw a situation like this.
.....
trust in my dad...!
I...

It's not like Dad ever gave me special treatment
This kind of research
I still can't believe it !!
So there must be a reason
Doesn't that mean he never saw me as as experiment or as a weapon?
Because if I can't believe in my family, then
Fire!!
Until the attack on Hydra, we were a really normal family
So I know Dad isn't wrong

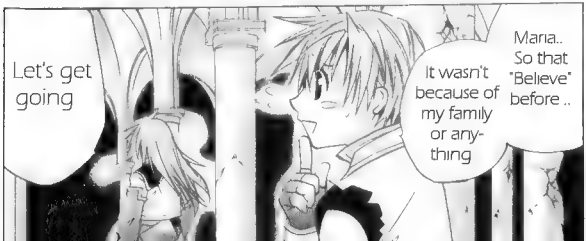
This is my power
The power my dad was researching

This is my power
The power my dad was researching

Dad
I'm coming to hear your answer
Just wait a little longer

Huh?
Just as I thought.

I thought they might activate in self-defense
Since our bodies themselves are the precious experiments,



Let's get going
It wasn't because of my family or anything
Maria.. So that "Believe" before ..

Something or Other Scanlations

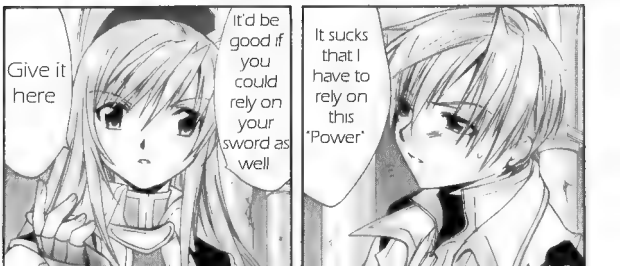
For those who caught the ~~obvious~~ reference:
I couldn't resist.

It was the literal translation and everything

Phase 24: The Past

We're here.
There's probably an ambush waiting.

The Temple of Sephira, huh ..



Give it here
It'd be good if you could rely on your sword as well
It sucks that I have to rely on this 'Power'

What is she doing ..?
I strengthened the metal in the blade, that's all
What did you do?
Here

My power is to change the material of an object
To defeat our enemies, I've changed their organic material into inorganic material.
It looks like your power is literally "annihilation"
Our powers are essentially similar, but they are different nonetheless

But
He must have had a reason

Father never told me anything about this power
Why would he ?

You are Fayt Leingod, correct?

It's good to finally meet you.
That's right... I am Buig.
So you're the commander, huh?
To think that the Federation's new weapons were living creatures.
You've caused me considerable trouble.
!
But at long last, you've fallen into our hands!

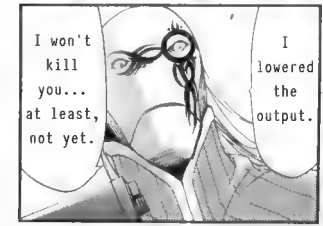
What should we do?
Ku...!!
Seems like.
But to do "that", huh?
I guess we've got no choice
These two are living weapons!!
Be ready!
This power my father developed
This power

This power...
Let's try it out!!
Fire!!
F...

Ku
That's totally exhaus ting
It's like Maria said,
I should use my sword too
Is that all?

I was expecting something a bit more extravagent.
How disapp-ointing.

Uwaaaaaa-...!!



I won't kill you... at least, not yet.
I lowered the output.

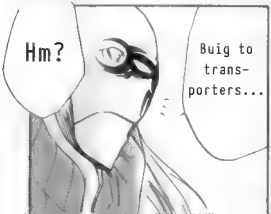
.....
=

Don't move!
Make any strange moves and I won't hesitate to kill him.

.....

Once we have you.
And we'll finally have all the experi-ments

I'm just holding Maria back
Damn What a mess



Hm?
Buig to trans-porters...

I've got to get rid of this numb ness!!
But I can't move my limbs !!

ヒュ
Ku-...!!
……!!
Guah-!!

Aquaria's covert forces..
Who ...?!
Symbo-logical division, "Shadow"
Has arrived!!
Engage trans-porter!
Damned barbar-ians...
No matter. Even if I only have him...

iiiHHHOOOO
Gu...!!
Why, you ...!
Transporter engaged.

We won't give up...
Ever...

We'll chase you...
To the ends of the universe...

FAYT-SAN!

Are you okay~~?
I'm fine... But we can't let him get away...
It's use-less.
You don't even have enough strength left to stand, am I right?
Chasing after him would only get you killed.
Damn it!!
How-ever .
After seeing you refuse to give up like this...
I have a better opinion of you.

WAA-?!
A...Are you all right~~?

Who are you?
Iy - pert - inant
Uwaa-!!
Fayt, wake up!!
Is it really ?
's power
Where am i ?
Who
Who's there ?
But the theory is
Could it they are right?

Is it really ?
's power
Where am I ?
Who
Who's there ?
But the theory is
Could it they are right?

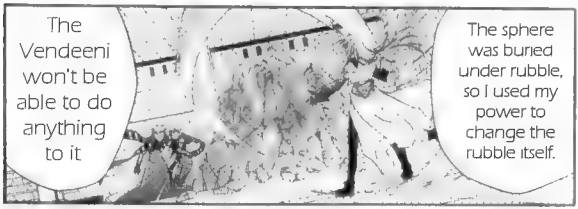
Who are you?
Dy-pert-nant
Uwaa-!!
Fayt, wake up!!

!!

Where are we?
.....?
Aquios, obviously.
You should be thankful to those two. If it weren't for them, you'd be waking up in the afterlife.

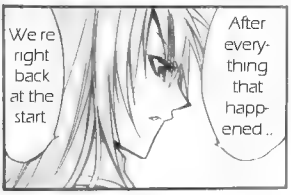
That dream, it felt like
What was it even about? I can't remember
Are you still half asleep?

That's right Sephira... What happened ...?
It's been sealed
Seal-ed?

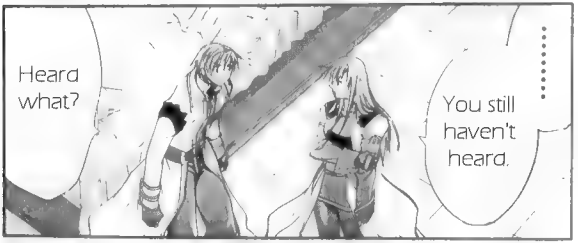


The sphere was buried under rubble, so I used my power to change the rubble itself.
The Vendeeni won't be able to do anything to it

You're right.



After every-thing that happ-ened ..
We're right back at the start



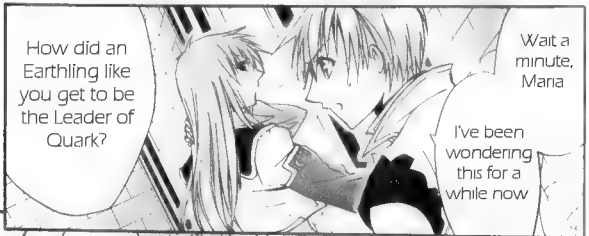
Heard what?
You still haven't heard.

Airyglyph and Aquaria have made peace.
It was surpris ingly easy
I think it was partly since Airyglyph's Vox wasn't there to advocate for war.
It seemed like they were happy to reconcile their problems.
If they had made peace just a little faster
Ameena and Dion would still be alive
Now that that's done...
We're going to need new tactics

I've called our space-ship.
Right now our main objective is to get off this planet.
New tactics...?

We have no choice if we want to recover the professor
We're going to be fighting them on the ship !!

We need to get ready for battle
The Diplo will be rushing the Vendeeni ship.



How did an Earthling like you get to be the Leader of Quark?
Wait a minute, Maria
I've been wondering this for a while now

What am I doing with them.. huh?
All right, I'll tell you
The Klausians lead really dangerous lives.
So what in the world are you doing with them...?

When I was 12 years old
I first began to learn the truth about myself seven years ago.
My life was a happy and peaceful one
My family and I lived together on Federation Station #17.
Dad...
I'll be right behind you
Run
But then the war with Aldian started
Daddy!!
Dad!

……!?
D2
EXIT
Kyaa-!!
We might never meet again…
Maria …
But there's something I need to tell you.
Your father and I love you… Like you were our own child.
I don't think it's possible for us to love you any more than we do.
Mom …?
But we're not your real parents.

You must live until the end. Never give up.
You're our precious child...
I don't understand, mom!
What are you talking about?!
The power is within you...
My pod just kept drifting further and further...
I don't remember what happened after that too well...
Hey, lil' one... You okay?
It seems like she isn't seriously injured.
...I'm hungry.
.....

Quark's ship happened to come across my pod and took it on board
Ooh-
She's fine!
And that's when I met Cliff and Mirage
To learn about this mysterious power
After that, I became a member of Quark
Lein god Laboratories
It's name was
My mother had worked at a research lab
I found my first clue in the Federation's Research Database

I was one of the experiments in Symbological Genetics, and I was... scheduled for disposal
My mother took charge of me, an experiment there
So they sent their newly christened "invincible" to sink the Diplo
But the Federation could not let me get away with such a thing
It was all top secret, but I managed to get access
I remember that my forehead got hot
The power is within you...
You must live until the end. Never give up.
The Diplo was on the verge of going down

Something had happened, but I had no idea what.
When I opened my eyes, the Invincible was gone.
Maria... What the hell did you just do...?
That was the moment when I finally started to understand my power
It was because of this power. That I had lost my happy life.
That's when I knew..

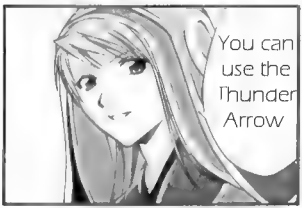
Not to mention learning they weren't her real parents at all....?
To lose both her parents when she was only twelve...
He knew that to find out anything about it, I'd need the help of the organization
Cliff could see that my power was something serious.
Informed me that it would be better if I just took the helm.
And so that pushy leader of Quark

That stupid old man's intuition
It always seems to be bang on target.
Cliff's intuition, huh..
.....
Who's a "stupid old man"?
キック!!
I.. I don't think he noticed
Everyone's waiting
Quit gossiping and get in here.

Fayt!!
You seem to have recovered.
Farleen and Tynave did their work well.
Thank you very much.
Nel-san
All right! Let's start this strategy meeting
Maria, you sit over here.

Aquaria and Airyglyph have made peace
And they're going to use all their power in an attack against the Vendeeni

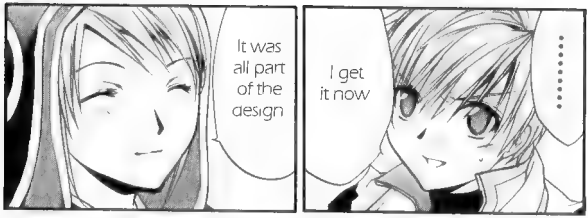
I think we can all agree they'll be totally destroyed
All we've gotta do is knock 'em down!



You can use the Thunder Arrow

But how?
We don't have any weapons that can get through their shield

But what about the limiter?
We suppressed the power to lessen the damage to Airyglyph



It was all part of the design
I get it now
.....

It would be different if we could fire at point-blank, but..
The power will be halved, and it won't be able to break through their shields
But the range is another matter

Do you remember Tempest of Airyglyph?
So we'll just have to fire from point-blank range, then

Among flying dragons, there are some that live to be hundreds of years old, and are absolutely gigantic.
We'll just have to get the weapon on the back of a flying dragon.

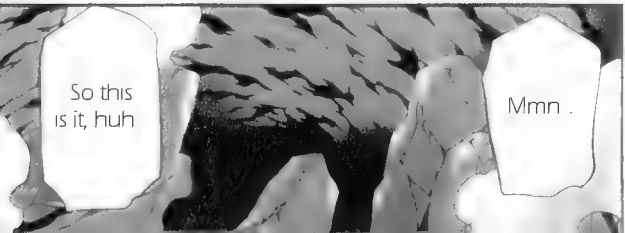
We're going to capture the dragon called the Marquis.
Airyglyph will also send some soldiers to help us.
Though they took a lot of damage in the battle .
?
What's the matter, shorty?
The heck are you doing?
Th-Th-Th There's no way-!!
What, you're scared?
Yes, I am!!
That dragon is super-violent!!
We'll get eaten!!

You're talking about fighting a dragon!!
Not to mention it's the Marquis... We'll be cinders before we even get close!
H...Hey, don't answer like that so easily.
What about your manly contest?
It's sui cide!
Onee sama, you've got to rethink this!
Oh dear.
Going up against a spaceship with a dragon is just crazy.
I think so too.
We can't stop just because it's crazy
You get it!!
Yeah, yeah!

We'll have the element of surprise
The Vendeeni won't be expecting it, at least.
Well I'm not going!
That's
Besides, do you have a better idea?
Help us find Pierre and the Menodix
P.. Pierre...?
Then Roger, let me ask this one thing of you

Nel-san... Pierre was .
That's right
He was one of the bounty hunters working for Airyglyph
Those children . Could get monsters to do their bidding by talking to them
They could talk to the dragon I'm certain they'd be helpful
Do you know where he would be?
Their employer, Vox, is dead.
So I don't think they'd be in Airyglyph...
In that case .
They're probably in Serferio .
It's a town at the border of the Sanmite Republic.

B-But that's as far as I'll take you!!
.....
.....
It'll be lonely without you.
Well then, let's get going.
The truth is Claire has already led a team to capture the dragon.
Along with Farleen, Tynave, and Lord Adler



So this is it, huh
Mmn .

Though you're a dragon, I can see the title Marquis isn't just for show !

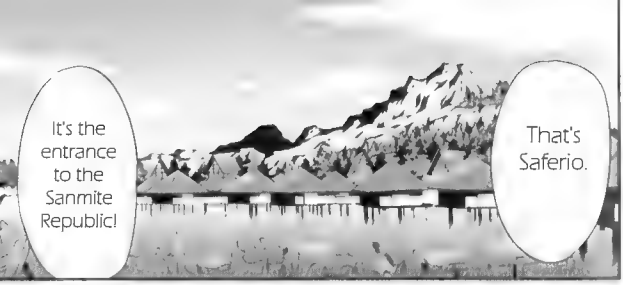
Well then let's get going

I like how they just assume that the others will lose, and plan all this for without it even occuring to them that they could succeed.

confidence!



That's Saferio.
It's the entrance to the Sanmite Republic!

It's actually my home-town.
My dad's the village headman!

It's bright...

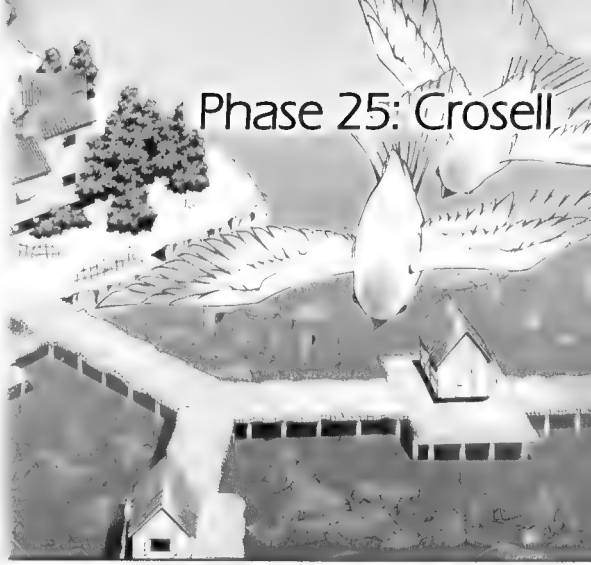
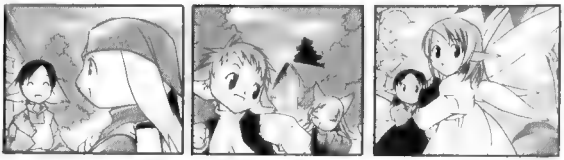
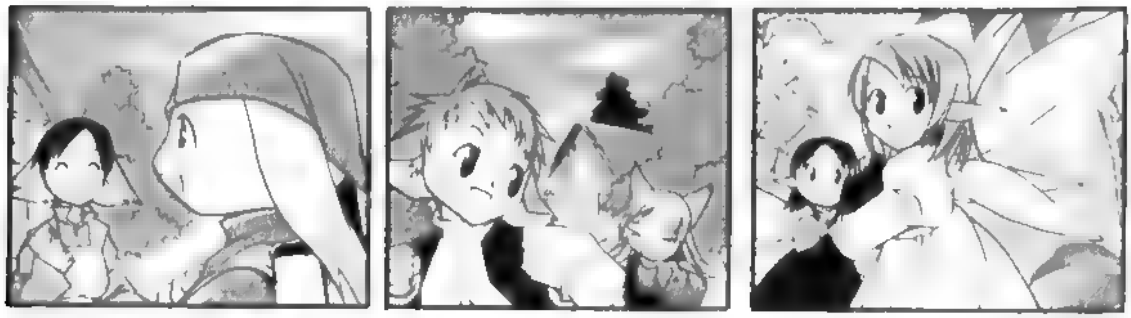
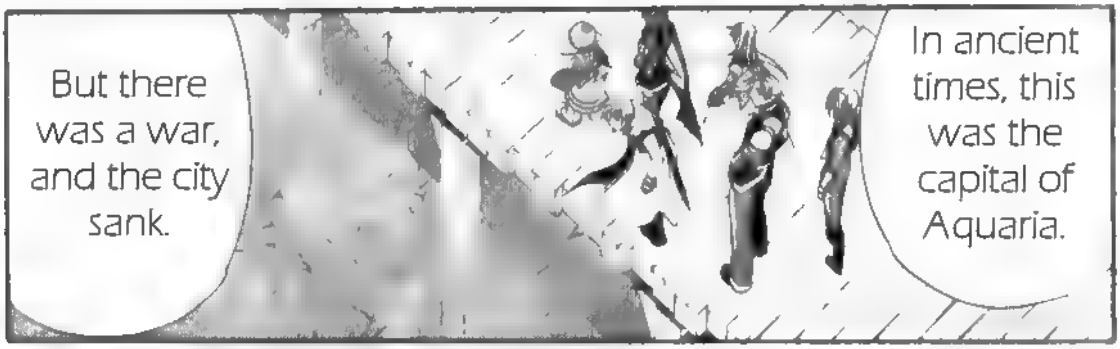
Phase 25: Crosell





Phase 25: Crosell





In ancient times, this was the capital of Aquaria.
But there was a war, and the city sank.

Oh?!
It's my follow-ers!
Heey—!!

I'll introduce you!
These are my henchmen, Dribe and Melt.

We came here looking for Kurin and Pierre!
Kurin and Pierre?!

So... Where are they?
Travellers in the village
Have to stay with the Village Head-man

So they are here, after all!
You see? Just like I said!
Eh-heh-heh!

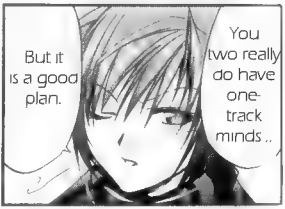
SFX: Ehehe

THANK YOU SO MUCH FOR ALL YOUR KINDNESS-
You two go ahead and eat as much as you like!
YES MA'AM
So eat that idiot's portion too!
Who knows when he'll come home.
Our idiot son Roger is out wandering about.
Roger
That's right!
Since you two are here, who cares if that idiot son of mine ever comes home

Those two'll fight back
If you go in now,
Wait, wait!!
Dad.. Mom
How could you be so blunt!!
We should wait until they don't have it.
And that gun of their's can be trouble-some.
There's gotta be
Does such a thing exist?
A time when Kurin doesn't have her gun..
See?
YES MA'AM!
Kurin-chan-! The bath's ready——!

ブモモ…
Stupid! This is tactics!
The B-b-b-b-bath? But that'd be peeping!!

They don't know my face
I'll go



But it is a good plan.
You two really do have one-track minds..

ブロロロ
…
That's right. If you would

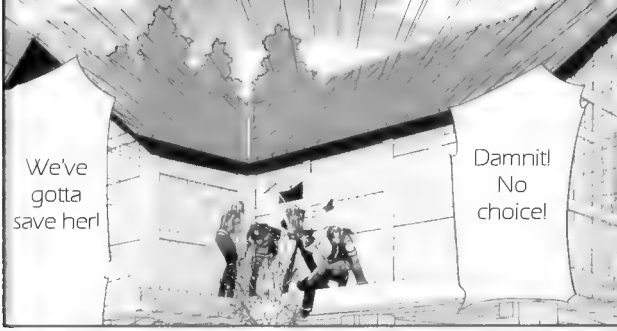
I'm so glad we came back to the Republic–
This bath is wonderful—
You still like him..
That's right! To get closer to Lord Albel!
But, isn't it about time we started looking for our next job?
There it is
Of course I do!
All right, that's far enough
Just a little more

Friend of that damn old man!
Attacking someone in the bath, huh?

So you knew I was here...?
Ku

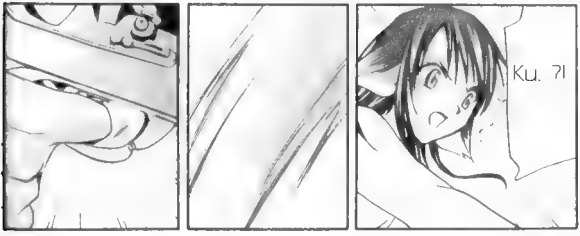
We've been watch ing
Ever since you came into the village,

We can see every-thing
Pierre borrowed the eyes of the animals



We've gotta save her!
Damnit! No choice!

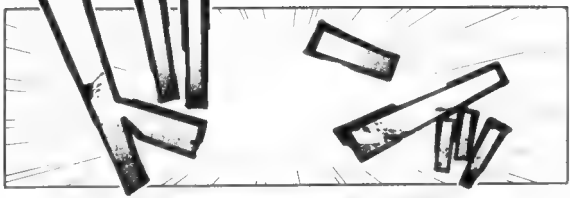
Resigned yourself?



Ku. 71

Shall we find out..?
Which of us is faster. .

At this range, neither of us can miss.
YOU'RE A GUN-USER TOO...!!
We'll see!!
Then I guess...
Said it!!
You ...



Hey! Answer us!
Are you okay, Maria?!

Well, I'm just glad you're okay
Ah... Yeah! That's right
I had hoped you'd realise that.
I could have used my power on the other bullet.

Wait!
We didn't come here to fight!
Kurin, this way! Let's go!!

Ah.

Why *are* you here?

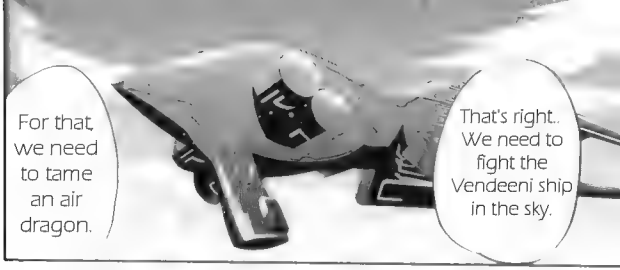
So?

U~m. Basically, we need your help in a fight against-
Why me too
Because you piss me off.

Sorry, but you're not the one we're asking.
It's him.

Anyways, I refuse.
Why you think I'd help you guys out is.

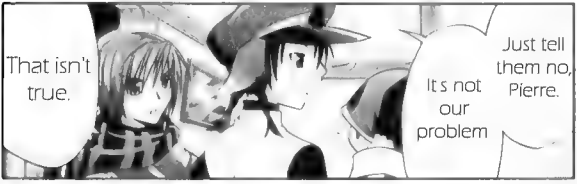
It's Pierre's power we want
M... Me?!



For that, we need to tame an air dragon.
That's right.. We need to fight the Vendeeni ship in the sky.

We can't afford to lose to the Vendeeni.
Yes. Please lend us your power to control monsters.

need my power ?
You



That isn't true.
It's not our problem
Just tell them no, Pierre.

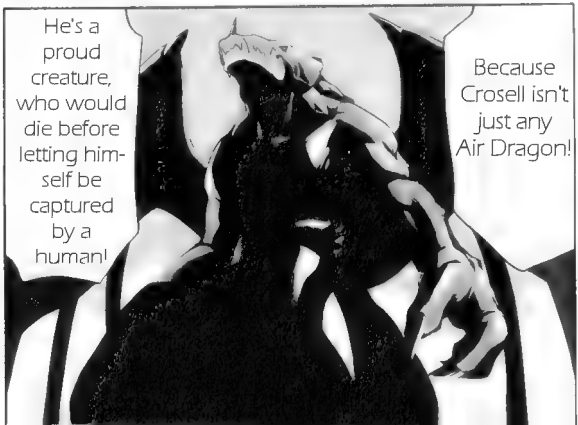
They will doubtless attack the Republic at some point as well
Their power at the Battle of Arias was immense

I said I'd do it
WH... WHAT WAS THAT?!
There He's said no, so..
I.... I'll do it..
That's the first time that's ever happened ..
They said they needed my power.
No one's ever said they needed it
Ever since I was little, everyone's always thought my power was creepy..
.....
Then I guess there's a reason I was given it.
If it can be use-ful, then

We don't need *you*
But we're expensive, okay?
I guess we'll go...
Well, if Pierre agrees
Well then, shall we get going?
WHAT IS THAT SUPPOSED TO MEAN?!
We'll need to head to the Urssa Lava Caves
Oh, that's right
Um, the dragon you want me to tame...
For that, we need to capture the Marquis this "Crosell."
After that, we'll meet up with the Aquarian Military.

I told you think would happen, didn't I?
You want to capture Crosell?!

It's just that even the strongest army couldn't capture Crosell..
You're wrong!
Trying to catch a dragon is insane to begin with.



He's a proud creature, who would die before letting himself be captured by a human!
Because Crosell isn't just any Air Dragon!

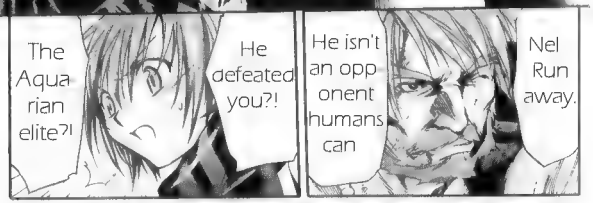
This .. We'd better hurry
I'd heard the rumors, but I didn't think .
Is that true?
Nel-san
That's the best Battle of Manliness ever!
Woooowl The Boss is going to go fight Crosell!
Eeh-?!
Ro-ger
So, are you staying behind?
He'll just be in the way!
Roger is coming too?!
?
W-What are you saying?
Is . Is that true? Boss. ?

The Lea-der..?
The Boss is..
Of course I'm going!
I'm the leader, after all...
Hm? ....Oh!
Right, big guy?
We all rely on Roger!
That's right!

キーーーーーー!!!
Oka——y! Follow me, everyone!

I've been feeling a lot of anger since we got here.
We're close.
Is this really the Air Dragon's nest?
It's hot.

But I don't know...
Where exactly ....
Behind us!!
Look out!



The Aquarian elite?!
He defeated you?!
He isn't an opponent humans can
Nel Run away.

He doesn't look so tough.
This is the Marquis Dragon Crosell!

Lord Adray?
That's.

We didn't come here to fight you!
Listen, Crosell!!!

ARE YOU ALL RIGHT?!
LORD ADRAY! CLAIRE!

He doesn't look so tough.
This is the Marquis Dragon Crosell!
Lord Adray?
That's..
ARE YOU ALL RIGHT?!
LORD ADRAY! CLAIRE!

The Aquarian elite?!
He defeated you?!
He isn't an opponent humans can
Nel.. Run away.

We didn't come here to fight you!
Listen, Crosell!!!

It seems you have some kind of power...
One of the Menodix...
Don't be an idiot. Lizards can't talk
The Dragon... spoke...?
Why do you think you are the only creatures who can speak?
You lot clearly have no manners...
Excuse me!
Gu....

From the Maiden's country...?
I come with a request for Your Excell-ency.
I am Nel Zelpher, of Aquaria.
One which also threatens Your Excellency
Our world is currently under a great threat.
I do not care.
We would ask for your aid...

It is a threat to humans. I do not believe it is a threat equal to me.
Rather, I will simply wait for humanity to be destroyed.
I then I will defeat this threat. Two birds with one stone.

He's a cheeky lizard.

I don't think even you could defeat them
How-ever...

I have no obligation to aid humans.

You mock me...?
I don't think you're even a match for us

That's right!
Ouuu
W-W-W-What are you saying?! It's a lie! She's lying!
Th...
We'll show you the strength of humans!
You're just a lizard cut off from the world...
Well then, let's see the extent of your strength!
His fire breath!
Here it comes!

My flames should test it quite nicely!
Too easy...
My flames are frozen?
That...
Hm?

What in the world...?
This isn't a normal technique
That you had no idea the extent of our power
I told you so.

Crosel!!!
Here I go!
!!

The next one won't miss!!

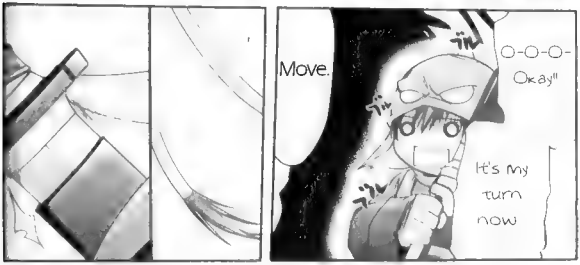
You dare... Compare me to humans!
Only that we, too, are..
I'm not saying your power isn't great,
Do you see?
I would rather die!!
That I would yield to the likes of you!!
Here we go...!
Stubborn old man

Hammer of Might!!
Ice Daggers!!
Blazing Cannon!!
Storm Blade!!

Did it work..?
You didn't even singe my scales...

But do not think yourselves equal to the king of the Air Dragons!!
That is a clever technique for humans.

On the other hand, normal attacks don't seem to be having any effect... It's troublesome.
If we use our power, we'll probably kill him .
What should we do...?



Move.
O-O-O-Okay"
It's my turn now

You're... !!
Y.

You're
LORD ALBEL!!
Die, fool.
That I could have a good fight.
Old man Woltar said if I came...
Isn't that the cursed sword, Crimson Hate...?
That Blade

I may have... Under-estimated the power of humans...
That sword was sealed in ancient times...
Impertinant little...
What's with this lizard?
?
Lord Crosell!
Be quiet!
Don't complicate things!

I shall lend you the power of the King of Air Dragons...!
Very well.
Does this mean you'll help us?
Get your hands off me!!
You damn worms!!
It'll be my win!
You're talking to me, I guess
Time to settle it!
You, worm!

Then, here and now!!
Stop it, you two!!
I'll take you on anytime, anyplace!

Do you want to die first?!
Shut up!!

How trouble-some...
Damn it.

*Danger

Well then, My Lord...
It's the poison gas from that time in the forest...
Ku.. My body's going numb

You wish to return to the country of the Maiden, correct?
You may climb upon my back.
Dad It's almost time
You can tell me the meaning behind this power !!

You wish to return to the country of the Maiden, correct?
You may climb upon my back.

Dad it's almost time
You can tell me the meaning behind this power !!

Could it be
I've brought you a surprise
You should be honored, professor
What is this
You were captured by the Vendeeni, too. ?!
Sophia....!!
Uncle ....?!

Something or Other Scanlations

FINALLY.

Good God

The lack of Bondage!Albel is depressing, but at least he's *finally here.*

I missed him

Extra: Ameena's True Character

Ameena
Sophia
He's been like this awhile...
ドリ…
Ameena... I guess she isn't Sophia..
It's just unfair to look so similar...

We need to hurry to Aquios!
We don't have time for that!

He's probably gonna go chasing her tomorrow
If it's like this,

I already investigated her.
She's exactly who she says she is
Ameena isn't Sophia.
We'll just have to prove it.
Ameena Leffeld
She lost her relatives in the war She makes her living selling flowers.
She, too, is a victim of this war...
Didn't I say it?
?
What do you mean?
So we've just got to convince Fayt of that

Show me!
If you're Sophia, you'd have cat-patterned panties!
PUNISHMENT FROM HEAVEN
Panties!
REJECTED!
If she doesn't have cat-patterned panties--
I don't have to!
What... At least listen until the end!
Sneak into Ameena's house?
You have an ulterior motive for wanting to sneak into her house, don't you!

WAIT JUST A MINUTE-!!
Y.... Yeah, okay
We'll look for Cat-patterned panties in Ameena's house.
If we don't find them, then you'll admit she's some-one else, all right?
Uh
That's
But what if she did lose her memory?
And she isn't aware of it her-self?
Anyways, sneaking into a person's home is a crime!
But didn't you sneak into Airyglyph castle?

But they're so similar
There's no way they could be different people
We've got no choice but to make sure
I suppose I've got no choice
All right! Then let's go!
The search for panties!
DON'T CALL IT THAT

カカッ
It's open
Come in, but be quiet
Ooh. As expected of Nell
It feels kind of like a panty raid
The Panty Raid is a man's romance
BE QUIET

Be careful.
So this is Ameena's room
She's asleep now, but we can't be unprepared
If she wakes up and sees us, it'll be troublesome.

Why?
I'll search. You two wait here.

Even so.

Men don't get to look!
Because of what it is!

Look the same...
She really does...

The more I think about it, though... The less likely it seems she is Sophia
Could she really not be her?
GET ANY CLOSER AND I WILL KILL YOU.
.....
Mm.. Mmm..

That's right!
What will you do if she sees you?
She already thinks you're a pervert, after before!
Hm ?
DIE
DON'T SEXUALLY HARASS AMEENA!
That hurt.

The top drawer over there.
...So? Where'd you find them?
ぱら..
かぁあぁあ
ぱら...
かぁ...
Nel-san, it seems like you like girls,huh?
It's pretty charming that she gets all embarrassed, pulling them out----
Damnit. Why do I have to..

SHUT UP!
BECAUSE I WANTED TO!
Why'd you hit us?!
I see..
Anyways, there aren't any cat-patterned
You have to admit now that she's not your childhood friend
.....
No... Not yet

An-other pair?!
There's one more pair
The panties she wears when she's sleeping
You've gone too far this time!
There's no way we can check that!
But then we'll know Ameena isn't Sophia!
We'll have proof!

Give it up!
We can't check that!
Don't say that with a straight face!
Yeah We've only got to get a glimpse
We've just got to move the sheets a bit..
Mm. H--mm...
Fine... If it will shut you two up,
Then I'll check

ガバッ
So, what was it like looking at another person's panties?
No
So?
Sigh

SHUT UP
SHUT UP
SHUT UP!
KILL
You should admit this by now
So, Ameena isn't Sophia.
Is it all right?
Yeah...

I guess she isn't Sophia, after all
.....
We have to get a move on, tomorrow!
Let's head back.
Sophia Where are you ?
GO RE-TURN IT
DIE
ボロ
No... I promised...
